Lead Designer

1.5 yrs at Tigerspike, an Australian design firm in San Francisco. I worked alongside a UX, PM, VP, SVP and 4 engineers building out the SF branch. Scaling up to 15 employees and working with clients such as Macy's, SFMOMA, Kaiser, DirectTV, AFV, and others.

Jul '13 – Mar '14

Product Design Consultant

1 yr with small to medium business building their design and product strategy. My clients were Westfield Labs, Industry Ventures (VC firm), Wondersitter (babysitting services), Explory (timeline based storytelling), and others.

Oct '10 – Jul '13

Creative Director

3yrs at Moovweb, started off as the 7th employee. In the beginning I wore many hats (developer, QA, business development and project manager) but as we grew, I took on the role of a Creative Director where I built a team of 4 designers and managed design efforts for our product, branding, marketing, and services teams. When I left, we were 120 employees in total and successfully raised a seed and \$16m Series A rounds.

Formal Education:

Studied Computer Arts and New Media at Academy of Art University in San Francisco. Received a Diploma in Business Administration from Kardan University.

Skills:

Product Design (UX, UI & Frontend Engineering), Design Leadership and Prototyping. Proficient with Adobe Creative Suite, Sketch and Framer.

Talk to me about:

How I tackled a bear at Tahoe? Why am I facinated with design history? When did I decide to take a 5 month sebatical to South America? How many eggs have I eaten in a single sitting?
